

A-Series Vent-Free Arched Fireplace

Stylish, practical and economical, the A-Series fireplace from HearthSense is perfect in any décor. With the option of a tower mantel, a more traditional floor mantel, or as a zero clearance insert application, the A-Series fireplace can fill any of your design needs. The stylish arch design is perfect for the living room, but can also be used in the dining room, kitchen or office areas of your home!

HearthSense: Fireplace Systems Providing Exceptional Comfort and Quality
